Twin River School District is in its seventeenth year of existence. The district consists of three communities - Genoa, Silver Creek and Monroe. This district spans four counties including Nance, Merrick, Platte and Polk totaling approximately 280 square miles. The school recognizes the many-faceted diversities of pupil backgrounds, talents and abilities and therefore is concerned with the development of the total individual as a self-actualizing, productive citizen. The school community believes it is the responsibility of Twin River Public Schools to provide a continuous, comprehensive curriculum from pre-kindergarten through grade twelve which will develop basic lifetime skills.
